

The Leeds Innovation Fund focused on new ways of innovative working that support delivery of city priorities. This might be by: working in a different way; implementing new ideas and methods; working in partnership to tackle an issue; or working with different partners. The focus was on projects that involved the Third Sector and Leeds City Council working together to support delivery of the best city priorities.

This fund has offered support to the groups below in 2015:

- Age UK Leeds
